

Choral Society's Annual Election

H. C. FENNO ELECTED PRESIDENT
AT MEETING HELD LAST
TUESDAY EVENING

The annual election of the officers and Board of Directors of the Narberth Choral Society was held last Tuesday evening, January 3, in the Y. M. C. A. Building.

A unanimous request was made to Mr. Hayward to remain in the chair for another term, but he felt the office should be passed on to other members of the Choral, and the Society regretfully accepted his declination. Mr. Howard Fenno was elected President to succeed Mr. Hayward.

Messrs. Justice, Hillegas, Mitchell, and Henderson were elected Vice Presidents, which offices also include chairmanships of the four main committees in the Society.

Mr. H. C. Keim made a most complete and thorough report on receipts and expenditures, and was unanimously elected to succeed himself as Treasurer.

Miss Ruth E. Prescott was also elected for a second term as Recording Secretary.

Mrs. Nellie Denman accepted the office of Financial Secretary, and Mr. R. A. Cuthbert as Librarian.

The Board of Directors, which, with the officers, constitutes the Board of Managers, including the following: Mr. Hayward, Mrs. Bradley, Mrs. Whitman, Mrs. Foote, Mrs. Taylor, Mrs. Irving Trotter.

Mr. Cuthbert and Mr. I. Trotter submitted an audited account of the books covering the past season, which was accepted with commendation.

Mrs. Denman and Mr. Cuthbert, with their assistants, were thanked most heartily for their exceptional work in the disposing of the tickets for the last concert.

The Nominating Committee for this election was dismissed with thanks for their efficient work in selecting and suggesting candidates. Rev. Van Ness was Chairman of this Committee and was assisted by Mrs. Trowbridge, Mrs. Cuthbert, Mr. Mitchell and Mr. McGarrity.

Associate Membership subscription for the past season expired in December, and will be renewed for a short term of 7 months, that is, from Jan. 1 until September 1, 1922, as the season hereafter will run from September to September, and this short term is necessary to make the fiscal and the concert year concur.

Application for active membership (singers) will be accepted beginning with Monday, January 9 and ending with Monday, January 16. This should be made direct to Prof. Clarence C. Nice, Narberth 1608.

The Society will immediately begin preparations for another concert, date of rendition to be announced at a later date.

Local Fire Fighters Have Busy Week-End

WELCOME NEW YEAR BY ANSWERING SIX CALLS IN TWO DAYS

The familiar sound of the fire whistle was heard an even half dozen times during the change of the calendar. At six o'clock on the evening of December 31 an alarm took the fire company to a grass fire on Shortridge's field at Chestnut and Wynnewood Avenues. At 10.15 the same evening, during the progress of a New Year's Eve dance at Elm Hall, given by the fire company, another alarm was sent in from the same locality. The Terpsichorean festivities were interrupted and the change from pumps to boots was made with alacrity. In less than a minute the apparatus was on its way. A third fire of the same nature called the company out at 2.30 New Year's morning.

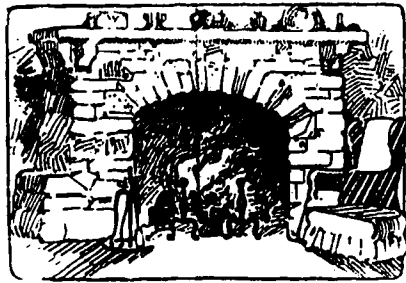

On Monday morning at eleven a call was received from Ardmore, the Italian mission in that village being damaged. Shortly after returning from service at this fire an alarm was sent in because of a grass fire at Rockland Avenue, at which two garages were threatened. At 5.30 the same evening another hike out was made to the home of the Hon. Carroll Downes, retiring Burgess and vice-president of Durant Motors, at 315 Woodside Avenue. The blazing remnants of the Yule log had set fire to the chimney, which was giving a good imitation of Mount Vesuvius when the fire company arrived. The fire was soon extinguished with a chimney mop. It was no mean feat to reach the chimney top, for, pending the arrival of the company, members of the family had wet down the shingle roof, which, in the near-zero temperature, had become as slippery as the road to perdition. There was no fire damage but the living room hangings were saturated with smoke.

A shed containing blasting supplies at Belmont Avenue and City Line was damaged by fire on Monday afternoon, the flames being extinguished by the Cynwyd fire company and Engine No. 16, of Philadelphia. After this had been accomplished, the firemen entered the building and found that the flames had almost reached a keg of black powder and several cans of dynamite. The firemen thankfully left for home speaking in well modulated accents instead of with a rising inflection.

Home and School Association Meet

A "HAPPY NEW YEAR" MEETING PLANNED—DISCUSSION REGARDING PHYSICAL DEVELOPMENT

The regular meeting of the Association, and the first one for the New Year, will be held in the School Auditorium on Thursday evening, the 12th, at 8 o'clock.

It is planned that the faculty will be present and hereby afford the members an opportunity of meeting those who have the instruction of their children in charge.

An informal discussion on "Physical Development of the School Child" will be a feature of the meeting, and it is expected that a good speaker will be present to address the members on this subject. The Welfare Committee will report on the subjects referred to them at the last meetings—that of the lunch period time and the protection of children at the Haverford Avenue crossing.

Remember the date—the meeting is from 8 to 10 sharp and it is hoped that this first meeting of the New Year will find all members present, together with their friends, and all parents interested in the welfare of the child in school—that surely means every one.

Community Club Notes

The speaker of the afternoon at the Women's Community Club on January 10th will be Dr. Hannah McK. Lyons. Dr. Lyons is associated with the Philadelphia Dairy Council, a local organization of the National Dairy Organization.

Dr. Lyons will talk on "Milk—Nutrition," and tell of her work in connection with the Philadelphia Health Council in what they call their "Nutrition classes." The methods of procedure in these classes follows those developed by Dr. William R. P. Emerson, of Boston, the instruction in food values being based on the conclusions of Dr. E. V. McClure, of Johns Hopkins University and others.

Backwardness in school children is often caused by malnutrition. This undernourished condition is more frequently due to wrong selection of foods rather than to a lack of quantity. There is a strong connection between proper nourishment and the progress of the school child. The women of the Club will gain much that will be of value to them for this talk.

Those who have had the pleasure of hearing Mrs. R. E. Wood in book reviews will be glad to learn that on Tuesday she will review "Messer Marco Polo," which stands out as being one of the most charming among the publications of several years. "Messer Marco Polo" is one of the books found on the list of recommended reading suggested by the Literature Committee.

Tennis Dance on Jan. 20

The next of the popular dances given by the Narberth Tennis Association will be held on Friday evening, January 20, at Elm Hall.

Members of the Association and their friends will be glad to learn that the Entertainment Committee has again secured the services of Stock's Orchestra, which provided the music at last winter's dances, for this January 20 affair, and for future dances throughout the season.

Tickets will be supplied to members in about a week, and those desiring more than the usual allotment can readily get them by applying to C. B. Metzger, chairman of the Entertainment Committee.

TENNIS AUXILIARY MEETING

The monthly meeting of the Women's Auxiliary of the Narberth Tennis Association will be held Friday, Jan. 13th, 3 P. M., at the home of Mrs. Jesse S. Harris, 135 eMerion Ave.

W. R. D. HALL RE-ELECTED PRESIDENT OF COUNCIL AND BOROUGHOUS WORK STARTS FOR 1922

The Borough of Narberth started officially on its journey of 1922, last Monday night. The occasion was the organization of our local government for the new year. The meeting took place in Council Chamber in Elm Hall, and was marked by a number of events of interest to every resident events of special interest to every resident of our community.

Probably greater interest centers around the message of the new Burgess, Carl B. Metzger, than any other single feature of the day's ceremonies. As the result of his careful study of Narberth's various problems and affairs, Mr. Metzger, in his Message to Council, made a number of recommendations, all of which are of a constructive and forward looking character, and aim to make Narberth a better hometown community in every sense of the word.

Makes Important Recommendations

So timely and important does "Our Town" consider this message of the new Burgess, that the document is printed in full on another page. In this article, we desire, however, to summarize briefly the leading parts made by Mr. Metzger. Among other things he recommends:

A more economical method of financing the Borough each year until the taxes are all collected—if such a plan can be worked out.

Improvement of all unpaved streets, not only for the good of the Borough at large, but for the advantage and profit that all such improvements will be to the owners of properties abutting on these now unimproved thoroughfares.

A practical suggestion to all residents as to how they can cooperate with the officials to improve the lighting of the Borough, and a comprehensive lighting plan for the Haverford Avenue business section.

Increased police protection. The doing "away with the unsightly condition in which we find the Borough two or three days a week with ashes and rubbish and empty boxes and barrels standing on the lawns," which can be accomplished by having the Borough resume the practice of removing ashes from the cellars of all residences.

The construction of an addition to Elm Hall to meet the increased needs of the Borough, and provide a suitable meeting place for the American Legion.

Council Organizes for New Year

Earlier in the day Mr. Metzger had been sworn in as Burgess by Justice of the Peace Fritsch, and at eight o'clock in Council Chamber in Elm Hall, he organized Council for the coming year.

Seven members constitute our local legislative body. Of this number, three—William J. Henderson, Edward C. Griswold and A. P. Redifer, were the hold-over members; the remaining four, Hugh Brown, W. D. R. Hall, Daniel Leitch and Walton M. Wentz, all former members, having been re-elected at the November election for new terms.

Mr. Hall was re-elected as president, and C. V. Noel as clerk, each for terms of two years.

To Appoint New Committees

After hearing Burgess Metzger's message, Council adjourned until next Monday evening, which will be the first regular business meeting of the body for the new year. At that time President Hall announced his appointment of the following regular Councilmanic

BON VOYAGE

With holidays over, elections a matter of history, and Borough work under way for 1922, we can all settle down to the task of making this year the foremost in point of accomplishment in Narberth's history.

To Mr. Metzger, our new Burgess, Our Town pledges its support in his none-too-easy task, and to Council, again under the efficient leadership of Mr. Hall, our constant co-operation in its important work.

The new year's well under way. Bon voyage!

THE FIRESIDE

It was indeed a delight to the eye to see the lively starry, glimmering Christmas candles bedecking the home window ledges of Narberth on Christmas Eve.

While making the rounds of the town during this feast of Yule lights, it was noted that in some instances the candles were burning at both ends. Most peculiar.

It is no doubt a fact, none the less deplored, that some of us are doing this sort of a thing—not only on Christmas Eve—in an effort to make the ends meet, supposedly.

But why advertise it?
Bad policy. Bad policy. Sift your ashes twice and don't hold up the milk bill.

Communications

To the Editor of Our Town:

I regret to notice in the ash collections this week, that so many householders either ignored or were unaware of the repeated injunction published in your paper, not to put containers on or near the street, but out of sight on side or rear of house. So along Forrest and Narberth avenues, we saw the usual array of boxes, barrels, cans, etc., disfiguring the appearance of the borough. It is a pity that when citizens were first compelled to put out their ashes, they were told to put them at the front instead of the rear. The once neat Narberth has been taught to be slovenly.

A TRIBUTE TO MR. HARRY HAYWARD, RETIRING PRESIDENT OF THE NARBERTH CHORAL SOCIETY

"Whatever he did, was done with so much ease, in him alone 'twas natural to please."—Dryden.

There is no expressive phraseology in our meager vernacular with which to pay adequate tribute to the retiring President of the Narberth Choral Society—Mr. Harry Hayward.

It was with the deepest regret that the Society was forced to accept his declination to retain the executive chair, which was unanimously tendered him. Mr. Hayward stated he felt the honor should be passed along to some other deserving member of the Society, and preferred that a successor be elected, to which the members reluctantly acceded.

His dignity, his fluent delivery, and his calm, steady, suave wielding of executive guidance rendered him an ideal president of a large organization. He always weighed carefully any pending questions and never gave a hasty decision.

Mr. Hayward's vision in all matters was of great benefit to the Choral Society. He has endeared himself to every member of the Society, and through his efforts has gained much prestige for the organization.

While we cannot have Mr. Hayward at the helm this year, he has consented to serve as one of the Directors, and in that way we shall still be able to reap the benefits of his experience.

Mr. Harold Fenno succeeds Mr. Hayward as President of the Choral, and will receive the sincere and hearty co-operation and support of the Society. A very successful season is anticipated.

We want to take this opportunity to express to Mr. Hayward publicly our sincere good will, and to emphasize the very high esteem in which we hold him. May this year prove a most successful and happy one for him.

Board of Directors,
Choral Society Members.

FRIDAY THE THIRTEENTH—"A DATE" YOU CAN'T FORGET—FIRE COMPANY DANCE

Rejuvenating Dance would have been a good name for the New Year's Eve affair held in Elm Hall by members of the Fire Company.

Some of the folks who stopped in to look and listen, looked a little and listened much, and couldn't resist the real dance music.

"Well, I hadn't danced for ten years, but I couldn't help stepping out," was heard, and "it surely is hard to keep your feet still," from some of the older ones.

Someone said it was the punch, but a test proved that it was only "point o o five" proof, so it must have been the music.

When the confetti and streamers got sprinkled over the fancy hats, Elm Hall looked like the Mardi Gras, and when the horns blew at 12 midnight, it sure sounded like—Happy New Year.

The Entertainment Committee wishes to thank those who donated the cakes. Mrs. Roth, Mrs. duMarias, Mrs. Percy, Mrs. Lacy, Mrs. Weiss, Mrs. Vernon Fleck, Mrs. O'Brien, Mrs. Fred Derby and Mrs. Peterson, and also Chief Noel for donation of silver pencil and Mr. Percy for the box of candy which were given as prizes in the Elimination Dance, won by Augusta Witherow and her brother Phillips.

Don't forget the date. Friday the thirteenth. Better than the New Year Dance.

The above department should be of the greatest use to the community. The list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

Burgess Metzger's Message to Council

To the Members of Council,
Narberth, Pa.
Gentlemen:—

Following the custom of the newly elected Burgess to address Council at the organization meeting, would like to bring certain matters which I think are for the public good, to your attention.

While the boundaries of the Borough have remained the same since its incorporation, the number of homes has greatly increased, and the responsibility of its Council has increased in proportion to the change in population.

BONDED INDEBTEDNESS

Bonds have been issued from time to time covering improvements within the Borough until at present, the debt is \$78,000, which in all likelihood will be increased by the amount of the play ground loan until it will be \$108,000.

It takes quite a sum of money each year to pay the interest and provide a Sinking Fund for this Bonded Indebtedness, and if the play ground loan is authorized the interest and sinking fund charges will then be over \$9,000 a year—or more than 19% of your income from taxes.

As taxes are collected in the fall of the year, some method of financing the Borough must be used until the taxes are all collected, and the present one of borrowing on taxes in process of collection means an additional interest charge which has not been considered when making up the budget and which last year amounted to over \$1,200. The floating indebtedness of the Borough is increasing principally on account of paying interest for temporary loans.

LIENS

Liens having been entered against properties in the Borough for improvements made out of current revenue, would suggest that steps be taken to collect these liens or that they be put in proper shape to act as collateral for loans. Also that the Treasurer be instructed to open a lien account showing the total amount due the Borough as determined from the lien book and that this amount be considered as part of the assets of the Borough and when paid that indebtedness be reduced by the amount collected.

Also that the Auditors be instructed to furnish Council each year a statement of the Assets and Liabilities of the Borough.

STREETS

There are approximately 12 miles of streets on the Borough map, 7 of which are paved and 5 of which are either undedicated or have not been paved.

The Borough cannot pave these streets unless they create a large additional bond issue and I think the policy of Council of not accepting streets until they have been paved, should, on account of the Borough financial condition, still be adhered to.

However, if the property owners realized how much their individual properties would increase in value by having their streets put in condition, I think there would be a decided action taken in the next year to better these bad street conditions. Would suggest to Council that they co-operate with the residents upon petition so that these unimproved streets will be in proper shape to be taken over by the Borough and kept in repair.

Would suggest also that Council publish a statement showing our residents how to proceed to have these undedicated and unimproved streets put in condition that will meet the requirements of Council in order that the Borough may be beautified.

LIGHTING

It is more expensive each year to properly light the Borough and I think the residents should co-operate by leaving outside or porch lights burn at least through the long winter evenings in order to help brighten up Narberth and make it impossible for suspicious characters to loiter around the Borough.

If the business houses along Haverford Avenue, from Essex to Narberth, would work out a community lighting system, they would have very much better lighting for their stores, and I would suggest that Council arrange Borough Lighting to agree with any plan adopted.

POLICE

As it is impossible for one police officer to work twenty-four hours a day, cover all the streets in the Borough and yet be near the police telephone to receive calls for assistance, would suggest that Council make arrangements to have at least two officers, and in addition, to arrange that the police phone in Council Chamber will be in service for calls each evening between seven and twelve.

As an alternative would suggest that Council employ one police officer to enforce Borough ordinance during the day and try and enter into an agreement with Lower Merion Township to police the Borough at night and agree upon proper payment for these services.

ASH COLLECTIONS

Ashes have always been collected from the homes in Narberth at the expense of the Borough, and until this country entered the War, the Borough employees carried out the filled containers from the cellars and returned the empty containers.

When labor became scarce, it became necessary in the emergency to ask the residents to have the ashes placed so that the Borough employees would only have to dump them into the wagon, so it could be accomplished with the smallest possible force of employees.

However, Council went on record at that time to the effect that as soon as the emergency was over, the employees would again gather the ash containers from the cellars. Therefore, I would suggest that on account of the war being over and the labor conditions nearly normal, that Council redeem its promise and instruct the Borough employees to again enter cellars. Notice should be given our residents of the day for collecting ashes in their section of the Borough so that they could be in readiness.

Council should publish proper regulations covering the size and condition of containers and refuse to remove ashes unless these conditions are complied with.

I do not think the cost will be much greater than under the present system and feel sure that the tax payers will appreciate the extra service.

FIRE PROTECTION

It is always in order to commend the fine volunteer fire department of the Borough and to suggest that Council will keep the apparatus and equipment to a high standard so that its efficiency will never be impaired.

ORDINANCE BOOK

Would suggest that on account of the high prices still obtaining in the printing trade, that Council postpone for a year the publication of its ordinances in book form as well as a new manual of Council, both of which are badly needed.

ADDITION TO ELM HALL

It is hoped that the proposed addition will be built by the Fire Company, in order to properly provide a meeting place for the American Legion and would suggest that a committee be appointed to confer with the Fire Department, so that part of the proposed addition will be of use to the Borough either as a detention room for prisoners or for a larger meeting place for Council.

BOROUGH SIGNS

Would suggest that the matter of placing the signs the Borough owns, showing how to reach Narberth from points in Lower Merion Township, be taken up again with the Township Commissioners by Council asking permission to allow these signs to be placed.

BUDGET

It is hoped that Council will carefully consider the new Budget, appropriating only the necessary money to properly conduct the affairs of the Borough and keep up the sinking fund for the coming year, and that a surplus will be accumulated in order to pay off the floating indebtedness and avoid the payment of interest.

These suggestions are made with the hope that Council will assist the Burgess in the performance of his duties and that we may all work together to make our town a better place to live.

Respectfully yours,

(Signed) C. B. METZGER,

Burgess.

The Lunch Room of Narberth Schools

REPORT SUBMITTED TO HOME AND SCHOOL ASSOCIATION.

(Continued from Last Week)

Cocoa, 5 cents; vegetable soup, 5 cents; buttered roll, 3 cents; ham sandwich, 7 cents; macaroni and cheese, 5 cents; cinnamon roll, 5 cents; jelly roll, 5 cents; small cakes, 1 cent each; Frohoffer's Midget Cake, 7 cents; peanut butter and cracker, 1 cent each; ice cream, 5 cents per block; milk, 5 cents; ginger cake with chocolate sauce (made by Domestic Science Class) 3 cents.

From this it will be observed that the arrangement of these items on the blackboard practically suggests to the children what to order so as to get a substantial lunch.

As the first four grades of children are eliminated by reason of the fact that they either get lunch before coming to school or as is the case with those attending the morning session, they get it on arriving home at noon, about 75 per cent. of the school children secure their lunch at the school. There are possibly 10 per cent. to 15 per cent. who bring a portion of lunch with them and supplement it with a drink or hot dish of some kind in the school lunch room.

To accommodate the wants of these children, 12 dozen rolls are required daily, 10 quarts of ice cream, and last month, in which there were 19 school days, 266 quarts of milk were consumed.

In order to secure first hand information concerning the facilities provided, and the condition under which the lunch room is being operated, a special representative of the Home and School Association visited the school, without previously advising the faculty that such a move was contemplated on that particular day.

After talking with Professor Wilson at considerable length, our representative entered the lunch room at the close of the period and made a personal inspection.

His first act was to introduce himself to Miss Olsen, who being a stranger to the Borough was somewhat embarrassed—to say nothing about her being surprised—to have a man walk right in behind the serving counter and immediately begin to fire question after question at her with the rapidity of an automatic talking machine.

There was no chance to cover up, and no hesitation on her part to answer the questions, and after the identity of the questioner was made known to her, much information which doubtless would have been overlooked was volunteered by her.

There was no necessity for "covering up" as it were, even though those in the room at the time would have had an opportunity to do so. The entire quarters were in good, sanitary condition from all points of view. Cleanliness and order were the first things attracting attention. Everything was moving along with clock-like precision, and making due allowance for one hour's session of feeding four or five hundred hungry children, these on duty that day are deserving of our highest praise.

A trip to the storeroom, adjoining the kitchen, showed orderly arrangement of staple foods. For instance, there were large cans of Heinz's tomato soup; large cans of Campbell's soups, baked beans in cans, a bin filled with potatoes, a quantity of sugar, and a half dozen varieties of National Biscuit Company's cakes in the customary tin boxes.

Dishes and cooking utensils were in good condition, the dishes were perfect, all those badly cracked or with pieces chipped off, having been discarded. The cooking utensils were exclusively that they were being carefully polished, which showed conclusively that they were being carefully handled and cleaned.

The benches or tables at which the children eat their lunch were, at the time, being given a thorough cleaning, and hot water and soap were being vigorously applied by the colored girl.
